

# New: The Passier Favorite Snaffle Bridle – powered by Ingrid Klimke!

The elegant Favorite Snaffle Bridle was developed in close cooperation with our partner Ingrid Klimke.

**Comfortable Head Piece:** The soft head piece of the snaffle bridle is anatomically shaped and has a softly padded ear recess. Due to an additional recess on the cervical vertebra of the horse the head piece reduces pressure on the sensitive poll in an optimal way.

**Anatomical Cavesson:** The anatomically formed Cavesson Special with softly padded flash strap loop offers maximum comfort.

**Sparkling Browband:** The waved browband with extra-large, sparkling Premium Crystals in the colors Clear Crystal with stainless steel fittings or Smoke Topaz with brass fittings completes the super-elegant look of the snaffle bridle.

The new Favorite Snaffle Bridle powered by Ingrid Klimke incl. Comfort Reins with leather hand grips and stops is available in Black and Havana with a choice of stainless steel or brass fittings in pony size, cob size, full size and over size from selected Passier stockists.

13 additional exchangeable nosebands are available for the Favorite Snaffle Bridle. For more information visit our website at [passier.com](http://passier.com) where you can also use the Store-Locator to find Passier dealerships in your area.
